

Come together with **EShare**

EShare is a full-featured wireless collaboration app designed for Enterprise and Education.

The user interaction is natural, enjoyable, and perfectly suited for business and educational presentations. Enjoy ease of use with the pre-installed EShare application on a selection of iiyama (interactive) large format displays.

With the EShare app you bring effortless ideation and efficient collaboration in your enterprise or school. You can start sharing wirelessly easier than ever before.

| **THREE STEPS TO ESHARE**

Share, stream and mirror content from any device directly on screen and transform your team meetings or lessons into an easy, fast and seamless interactive session.

STEP 1

Install the EShare app on your personal device and make sure you are connected to the same network as your iiyama (interactive) large format display.

* download the relevant app to your specific OS in the Download App section below.

STEP 2

Open the EShare app on both devices and select the display name from the list on your personal device.

STEP 3

Press connect, followed by shared screen and you are ready to showcase your work.

| **THE PERKS OF ESHARE**

- » Share content from any device by selecting Share Screen on your devices.
- » Enjoy two-way touch functionality.*
*When sharing from a Windows device.
- » Utilise the TV Mirror function to stream the main display back to your device for localised viewing.
- » Take control over your display with Two-way-touch, an annotation tool & ascreenshot function.
- » Stream and view up to 9 devices at the same time.
- » Up to 50 users in one session: Switch easily between devices.
- » Works on all mainstream operating systems, like: Android, Chrome, iOS, macOS and Windows.
- » AirPlay and Chromecast are supported natively.
