

27" IPS QHD panel with 4-side slim bezel and B energy class

The ProLite X2792QSU is a 27" QHD monitor ideal for professionals who need more screen space, precise image quality, and a sustainable choice. Packaged without plastic and made from 85% post-consumer recycled materials, it meets TCO Certification and EPEAT® Silver standards.

With a resolution of 2560 x 1440, it offers 77% more screen space than Full HD, helping you work across multiple windows and view more detail without constant scrolling.

Its IPS panel delivers sharp detail, vibrant colours and wide viewing angles, while the frameless design creates a sleek, distraction-free workspace. To take care of your eye health, it complies with the Eye Safe and Eye Comfort Certifications.

Thank you

Thank you for making a responsible product choice, that helps drive progress towards a more sustainable future. To achieve this, we use zero plastic to pack this product and the product housing itself is made of 85% post-consumer recycled plastics. 100% of the packing is fully recyclable.

Better Choice - Certified

Save electricity, maintain picture performance

Choosing a monitor with B energy class means you effectively save electricity without compromising on performance - the power-efficient feature using the most efficient LED backlight technology in combination with high efficiency colour filter maintains brightness and vivid colours so the picture performance stays unaffected.

Take care of your eyes

Based on optical testing and research led by optometrists and ophthalmologists from across the globe, the Eye Safe Certification, means this product provides always-on blue light protection reducing high-energy blue light yet maintaining colour performance intact. It also meets the requirements of the Eye Comfort Certification confirming the product has reduced blue light and is flicker free to protect eyes and preserve user vision and allow the user to change body position without compromising visual image quality.
