Floor lift for (touch) flat screens max 120 kg

Quick and easy to install floor lift, allowing electrical height adjustment of your (touch) screen. The lift is fitted with a screen bracket containing most VESA patterns, making it suitable for almost every display. Please note: If your screen is too big (VESA 600-500/600 or VESA 800-500/600), please use the MD 052B7280 adapter. Unit requires positioning on the specially developed base plate (MD 052B7210) or close to a wall after which it can be fastened with the adjustable wall mounting kit (MD 052B7230). The floor lift comes with a remote control to adjust the display 600 mm in height. Behind the mounting feature, room is reserved for placing a mini PC. For the use of a thin-client PC a VESA 75/100 mounting pattern is included.
