

Effortless cross-platform collaboration; share, stream and edit content from any device directly on screen.

With this 2.4 GHz/5 GHz dual WiFi you can transform your team meetings or lessons into an easy, fast and seamless cross-platform collaboration session without the hassle of switching cables, platform dependent connectors, passwords or different resolutions and inputs. Users can directly push their content from their device onto the screen.* The OWM001 is available for the 68-series professional large format displays. * To use ScreenShare Pro users need to download additional software at iiyama.com/connect and be connected to the same WiFi network as the display. Maximum of 4 users can be connected at the same time.

The WiFi module is available for the 65" [TE6568MIS-B1AG](#), 75" [TE7568MIS-B1AG](#) and the 86" [TE8668MIS-B1AG](#)
