Excellent 24" Full HD monitor for business usage and occasional gaming

The features of the 24'' monitor combines both business and gaming features, so choosing your next display need not be an agonising choice. The IPS panel technology offers accurate and consistent colour reproduction with wide viewing angles. The ergonomic stand enables 13cm height adjustment and rotation making this screen suitable for applications and environments where workplace flexibility and ergonomics are key factors. Gamers, in turn, will appreciate 1ms MPRT, FreeSync and Black Tuner features.

IPS Technology

IPS technology offers higher contrast, darker blacks and much better viewing angles than standard TN technology. The screen will look good no matter what angle you look at it.

FreeSync™ & 1ms MPRT

FreeSync™ support and 1ms MPRT make this monitor an excellent choice for gaming.

01 DISPLAY CHARACTERISTICS
