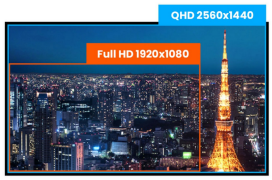
27’’ WQHD IPS panel with an ergonomic stand and USB-C Connectivity

Supplying USB Type-C connectivity, the XUB2792QSC allows you to simplify your workspace by using a single cable to connect, power (65W power delivery) and charge the notebook from the monitor, providing the foundation for hybrid office spaces. The IPS panel and WQHD (2560x1440) resolution offer noticeably shaper images, excellent colour performance, wide viewing angles, making this ideal for productivity solutions, demanding office applications as well as CAD. Equipped with speakers, headphone socket, a blue light reducer function to reduce eye fatigue and an ergonomic height adjustable stand for optimal user comfort.

TCO conformity and ultra-low power consumption make this XUB2792QSC an ideal display for the modern environmentally conscious, yet productive workplace.

IPS Technology

IPS technology offers higher contrast, darker blacks and much better viewing angles than standard TN technology. The screen will look good no matter what angle you look at it.



QHD

With true QHD 2560 x 1440p resolution your monitor is ready to display high definition images. This means you can accommodate more information on your screen, i.e. over 76% more in comparison to a 1920 x 1080 monitor.
